

RYCM-60

Microcomputer control, 1-24 hours timer shutdown

Large LCD display, real-time monitoring

Humidity 1% adjustable

Humidity setting range 10% -98% RH

Efficient automatic defrost system

Continuous drainage option

High-quality centrifugal fan, low noise

Model	RYCM-60C	Recommended Area	50-100 square meters
Power Supply	220V / 50HZ	Extraction Capacity	60L / D
Power Consumption	780W	Airflow	480m ³ / h
Dimensions	365 * 395 * 650mm	Compressor	Matsushita
Operating Range	10% -90% adjustable	Drainage options	Tank or drain hose
Tank Capacity	5.5L	Sensor accuracy	± 3%
Warranty	1 year	Defrost	Low temperature auto
